Meet John Rivera!

We are happy to announce a great addition to the Sunrise Lighting Systems crew!

Before joining Sunrise Lighting, John worked at Legacy Lighting as an executive sales rep. He is knowledgeable in LED Lighting, sales, and customer service which makes him a perfect fit for our team. He has been working closely with Robert Jr. learning quotations and sales. In his short time here, he has already shown us what a smart choice it was hiring him.

When John isn't at work, he enjoys being with his family. He is a big football fan with his favorite team being The Pittsburgh Steelers. When asked what he liked about working with Sunrise Lighting, his response was "I love the new environment and the people I work with, new opportunities to keep advancing and learning more about the lighting industry. I like how it is a close knit family environment and we eat good food."

We are excited to see him grow with the company!
