Sunrise Updates

Employee Changes:

As many of you know, Ashley Dill is no longer working here at Sunrise. Friday, May 15, was Ashley's last day. She was offered a full-time position at a local pres-school and she decided that accepting that position would be the best decision for her future as she pursues her teaching credential. We know she has a bright future ahead of her!

Manufacturer Additions:

www.lamarlighting.com

Daybrite

FBF Super Service

"This new plan promises to build any variation and any quantity of the FBF fluorescent high bay in ten working days," said Bill Busch

If the FBF units ordered are already documented, the clock starts as soon as the order is entered. If documentation is required, the clock starts when the new bill is complete. What could be better, or faster?

“Celebrating 25 years: Ledalite creates lighting systems and technologies for commercial and institutional buildings around the world. We are committed to three guiding principles:”

Market-driven innovation
Visual ergonomics
Environmental sustainability

LEDALITE

Founded in 1982, Ledalite is a recognized leader in research and development. By maintaining a close relationship with the design community, they identify customer needs often overlooked and develop innovative solutions to meet those needs. Their products are designed to result in visually healthy and productive work environments. They continuously strive to create products and technologies that conserve energy and reduce energy costs.

YOUR THOUGHTS AND INPUT

So many options and choices! Need more information? Look no further than your Sunrise Rep. The answers you are looking for may be nothing more than a phone call or e-mail away.

Your questions may be things that are on the minds of others as well and could be a subject in our new weekly newsletter. So, if you have a topic or product that you would like to see more information on, please send the request to Janna and we will be sure to include it in a future issue.

Thank you!
