Grande Jamestown	3
State College	3

# M E E T

Megan has been with Sunrise Lighting Systems since July 7, 2008, which makes her the newest member of the Sunrise Team! Before working for Sunrise, Megan worked at Target while attending college where she met Janna in their Biology class.

# M E G A N

Megan has been a wonderful part of the Sunrise team. Everyone agrees that she is an absolute delight to work with, always smiling and asking how our days are. No matter the stresses of the day, she is always sweet and warmhearted with those she comes into contact with.

Megan was brought on with Sunrise as the receptionist. She quickly began tackling customer service and showed the office that she is definitely a doer! Megan is not one to sit back and let things come to her, but rather she approaches work with a self-motivated attitude. She was ready and willing to take on more responsibility and tasks when Ashley left.

Megan is also very diligent and thorough in her work, which is a great quality here at Sunrise. Her attention to detail is impressive and advantageous. This characteristic has helped her to catch on to procedures quickly and efficiently. She is yet to find a task that she cannot accomplish.

We look forward to seeing Megan progress in this business. She is a wonderfully kind and hardworking woman with great things ahead of her.

LANTERN

# HANOVER

"HANDCRAFTED IN THE USA."  
IT'S MORE THAN A SLOGAN. IT'S OUR WAY OF DOING BUSINESS."

Hanover Lantern has been on their journey of manufacturing high quality fixtures since 1970! Today they have a wide assortment of Commercial, Residential, and Landscape lighting fixtures. They are hand crafted, heavy duty cast aluminum, decorative fixtures. Hanover's fixtures encompass a variety of design styles to compliment virtually any architectural theme. Each Hanover fixture is made-to-order with patience and great attention to detail.

Hanover also has a line of Dark Skies fixtures. These fixtures have 80 and 90 degree intensities, as well as a full cutoff with zero intensity, with no more than 10% up light.

Hanover is a great choice for any project looking for architecturally pleasing lighting fixtures!

## ***YOUR THOUGHTS AND INPUT***

So many options and choices! Need more information? Look no further than your Sunrise Rep. The answers you are looking for may be nothing more than a phone call or e-mail away.

Your questions may be things that are on the minds of others as well and could be a subject in our newsletter. So, if you have a topic or product that you would like to see more information on, please send the request to Janna and we will be sure to include it in a future issue.

Thank you!
