CHAMBER OF COMMERCE

Sunrise Lighting Systems is proud to announce that we are a member of the Chamber of Commerce for the Greater Fresno Area! We are excited to be joining them in their mission to promote business and to enhance the economic and cultural well-being of Fresno County Residents.

SUNRISE IS STOCKING ANCHOR BOLTS!

In an effort to minimize lead times and help out with freight, we now have sets of the following WJM anchor bolts in stock:

3/4 X 30 X 3

3/4 X 30 X 3

1 X 36 X 4

Understanding the power of light, Pinnacle has dedicated themselves to manufacturing superior commercial lighting. Their luminaires cleanly illuminate both indoor and outdoor architectural features.

Being a smaller company, they are able to maintain an environment of creativity and personality that promotes great ideas! They are driven to produce precision equipment with superior fit, finish, and optical characteristics, so that these ideas in light can be achieved.

Pinnacle states:

“A diverse staff with experience in nearly every facet of commercial architectural lighting represents one of Pinnacle’s most important strengths. A staff of this sort dissolves limitations in the design and manufacturing process and opens the product palette up to limitless application.”

With project deadlines and product lead times, it is important that product be packaged in the most efficient way. Pinnacle has partnered with Sealed Air in creating a frame for their products. This frame helps protect the shipment from shock and vibration, which reduces freight claims and helps keep jobs on schedule.

“Keep an eye on Pinnacle, what you see now is a mere glimpse of what is to come!”
